

Eden Gil *Product designer*

An enthusiastic product designer with experience in creating user centred designs of complex systems.

Experience

2021 - Present, Tel Aviv, IL

Product Designer | Cocohub - No-code virtual assistant creation platform

Sole designer with full responsibility of building a virtual assistant creation, publishing, and management platform.

- Ownership of all design cycles from research to testing and handoff.
- Product management- Managing and leading product sprint cycles of a team consisting 4 developers.
- Developing working methods with R&D.
- Creating a unique design system.
- Responsible for marketing design and brand identity.

2020 - 2021, Tel Aviv, IL

Freelance Designer | Providing UI/UX, branding and marketing solutions

Had the pleasure to work with:

- Nice - Design of an onboarding portal for new employees and a logo.
- Coral world - Architecture and design of Aquari-ID - a daily operation, livestock management and reporting platform.
- IQdesk - app development agency - several projects of app design.
- Lang studio - DocuShuk copro 23 live video conference site.

And many more...

2013 - 2018, Bangkok, Thailand.

EI-AI Israeli Airlines Security division | Deputy manager, security officer

Managing daily operations, overseeing manpower deployment.

Qualification team manager - Creating a training & qualification program from scratch.
